

ONSIGHT WORKSPACE MAKES IT EASY FOR TEAMS TO CREATE, ACCESS, AND SHARE CONTENT.

Onsight Workspace provides a secure, central repository for Onsight images, recordings and calls, as well as external content such as manuals and schematics. With detailed permission controls, enterprises ensure that authorized users can access the content they need to perform their work.

INTEGRATED WITH ONSIGHT CONNECT, ENTERPRISES CAN:

- Enable automatic uploads from Onsight Connect to simplify the process
- Enforce optional automatic upload controls such as a requirement for wireless or wired network access
- Manually upload content from within the file system
- See the upload status of all Onsight calls, images and recordings
- View the upload queue and adjust content uploads
- Launch Onsight Workspace to find and view relevant content in Onsight Connect
- Snip sections of manuals or content to share

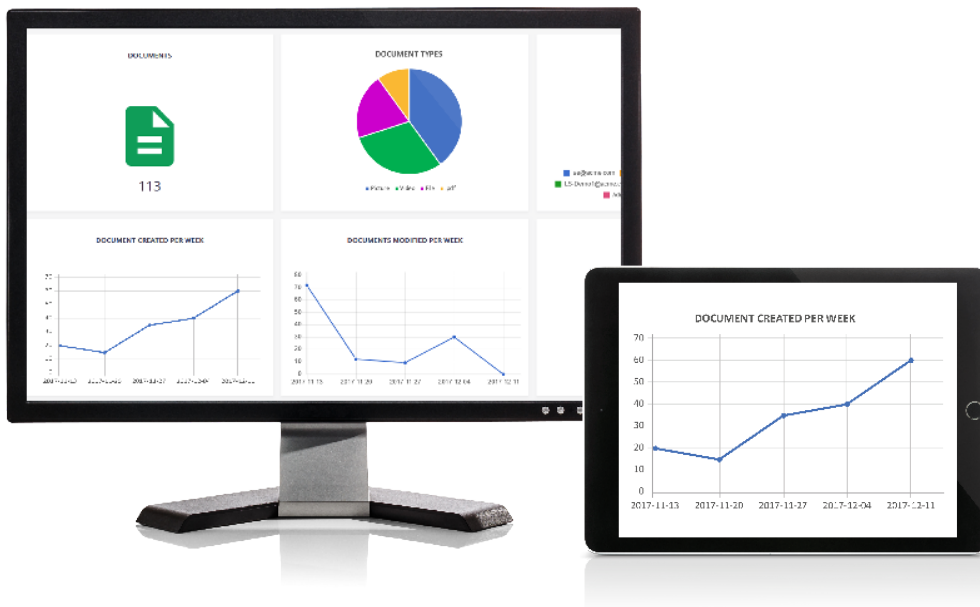

USING ONSIGHT WORKSPACE, ENTERPRISES CAN:

- Create and manage categories of content for teams
- Enforce versioning of content for audit controls
- Share content from authorized users
- View telestration within Onsight videos and images via the browser
- Upload product manuals, schematics or training content
- Create favorites and view recent uploads for quick access
- Request notifications of new or updated files within specific folders
- Search tags and titles to find relevant content quickly
- Create detailed user and group permissions in conjunction with Onsight Platform Manager
- View advanced Admin reports to manage content and usage

REPORTING AND ANALYTICS

Workspace provides administrators with analytics and reports to understand user activity and content distribution. Administrators can view different report types to manage Workspace including:

- A dynamic content distribution chart to view the total number of documents, size, and type within specific folders or overall.
- A collection of charts and graphs to view content and usage statistics such as the top content creators and document types within Workspace.

ONSIGHT WORKSPACE HIGHLIGHTS

Onsight Workspace creates a seamless experience for users. Easily upload content into Workspace from Onsight Connect or add files from a computer. Tag images, videos, documents and more with keywords and phrases for quick searches.
